SUBJECT: CAPRI Excess Insurance Renewals FY 2026-2027

BACKGROUND AND STATUS:

Workers' Compensation Renewal

As the Board may recall, beyond its self-insured retention level of \$350,000 per occurrence for workers' compensation claims, CAPRI currently participates in Public Risk Innovation, Solutions, and Management ("PRISM")'s Excess Workers' Compensation Program. CAPRI recently received estimated renewal terms from PRISM for the upcoming fiscal year.

Year-over-Year Rate and Premium Comparison			
	2025-26	2026-27	Variance
WC Exposure (Est. Payroll)	\$140,883,370	\$156,578,604	11.14%
Account Rate (\$/100)	0.8863	0.8393	(5.3%)
WC Annual Cost	\$1,248,614	\$1,314,121	5.25%

Staff now requests authority to bind renewal terms with PRISM for the 2026-2027 coverage year.

General Liability Renewal

Beginning with the 2024-2025 fiscal year, the Board authorized CAPRI to move to a \$1.5M self-insured retention. For General Liability excess claims, CAPRI participates in the PRISM GL1 Program, attaching at \$1.5M. CAPRI is using the January estimate number as an indication, while awaiting an update for renewal terms from PRISM for the upcoming fiscal year. Also included in the numbers below are the exposure and estimated additional premium for new member MRCA.

Year-over-Year Rate and Premium Comparison			
	2025-26	2026-27	Variance
GL Exposure (Payroll)	\$140,730,471	\$165,901,698	17.89%
Account Rate (\$/100)	1.6271	2.1415	31.6%
GL Annual Cost	\$2,289,799	\$3,552,852	55.16%

Staff now requests authority to bind renewal terms with PRISM for the 2026-2027 coverage year.

Property Renewal

CAPRI participates in the Alliant Property Insurance Program (“APIP”) for excess insurance. Of note, APIP coverage includes a \$150,000 all-risk deductible and a \$5M wildfire deductible. The Board will recall that Earthquake coverage is excluded beginning in 2023/24. CAPRI recently received proposed Property excess insurance renewal terms from APIP for the upcoming fiscal year. Also included in the numbers below are the TIV and estimated additional premium for new member MRCA.

Year-over-Year Rate and Premium Comparison			
	2025-26	2026-27	Variance
Total Insurable Values (TIV)	\$1,616,264,670	\$1,919,878,515	18.78%
*Property Annual Cost	\$5,256,416.26	\$5,379,174	2.34%

Staff now requests authority to bind renewal terms with APIP for the 2026-2027 coverage year.

RECOMMENDATION:

There are four recommended actions at this time that can be handled in one motion:

Provide Staff with authority to renew:

1. WC Program Excess Insurance policy with PRISM for FY 2026-2027.
2. GL Program Excess Insurance policy with PRISM for FY 2026-2027.
3. Property Program Excess Insurance policy with APIP for FY 2026-2027.

FISCAL IMPACT:

Excess renewal amounts impact the total premiums to be collected by CAPRI for the upcoming fiscal year.

Agenda Item 6.4**DISCUSSION/ACTION ITEMS****SUBJECT: WC Premium Allocation FY 2026-2027**

BACKGROUND AND STATUS:

Each year, the CAPRI Board of Directors reviews the CAPRI WC Premium Allocation Formula, considering all factors that contribute to the premium calculations for each District, and then provides Staff direction before excess coverage is bound. In recent Board Meetings, the CAPRI Board has approved discount calculations, Experience Modification Factors, and program funding levels.

Assuming the Board authorized Staff to bind excess insurance coverage in the earlier item, Staff now requests approval of the final member contributions.

For reference, below please find a summary of the estimated Workers' Compensation program expenses for the upcoming fiscal year.

Staff will present the proposed Workers' Compensation Member Premium calculations at the Board Meeting.

RECOMMENDATION:

Approve the FY 2026-2027 Workers' Compensation Member Premiums.

FISCAL IMPACT:

Member premium calculations will determine the amount to be collected by CAPRI for the upcoming fiscal year.

DISCUSSION/ACTION ITEMS

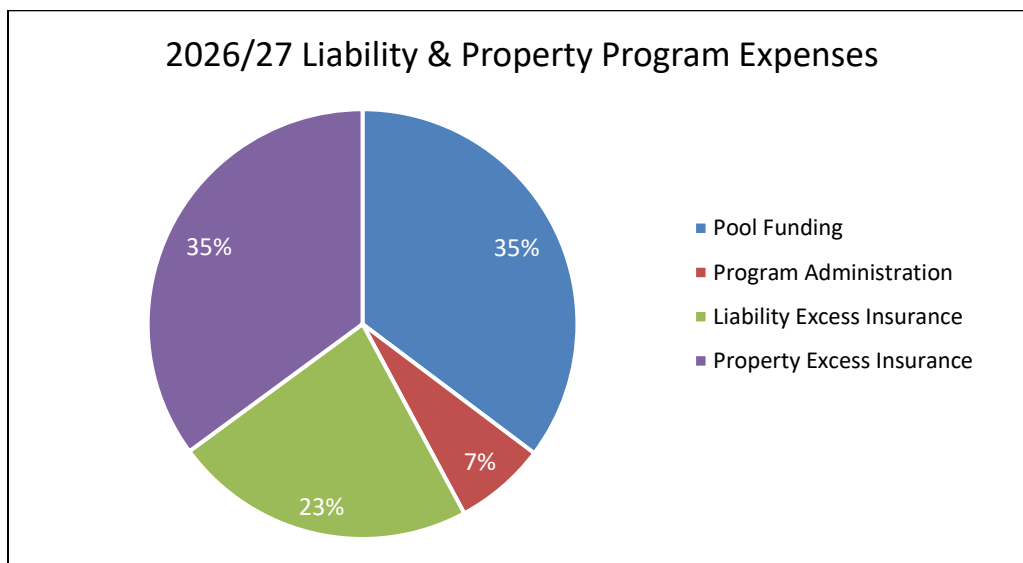

SUBJECT: Liability & Property Premium Allocation Formula FY 2026-2027

BACKGROUND AND STATUS:

Each year, the CAPRI Board of Directors reviews the CAPRI General Liability and Property Premium Allocation Formula, considering all factors that contribute to the premium calculations for each District, and then provides Staff direction before excess coverage is bound. In recent Board Meetings, the CAPRI Board has approved discount calculations and program funding levels.

Assuming the Board authorized Staff to bind excess insurance coverage in the earlier item, Staff now requests approval of the final member contributions.

For reference, below please find a summary of the General Liability & Property program expenses for the upcoming fiscal year.

Staff will present the proposed General Liability and Property Member Premium calculations at the Board Meeting.

RECOMMENDATION:

Approve the FY 2026-2027 General Liability and Property Member Premiums.

FISCAL IMPACT:

Member premium calculations will determine the amount to be collected by CAPRI for the upcoming fiscal year.

DISCUSSION/ACTION ITEMS

SUBJECT: Reinsurance Agreements with RIO FY 2026-2027

BACKGROUND AND STATUS:

Since the CAPRI captive insurance company was formed in the 2023- 2024 fiscal year, the self-insured layers of CAPRI's workers' compensation, general liability, and property have all been reinsured by Recreation Insurance Organization ("RIO"). This is an ideal risk transfer to the captive which also allows RIO to diversify its assets and earn investment income on the premiums.

As in years past, Staff now requests authority to formally transfer the risk from CAPRI to RIO by way of reinsurance agreements between the entities for Fiscal Year 2026-2027.

RECOMMENDATION:

Provide Staff with authority to renew:

1. WC Reinsurance policy with RIO for FY 2026-2027.
2. GL Reinsurance policy with RIO for FY 2026-2027.
3. Property Reinsurance policy with RIO for FY 2026-2027.

FISCAL IMPACT:

Reinsuring and transferring the self-insured layer in CAPRI's programs provides an opportunity to diversify investment earnings through RIO while protecting the pool at large.
